

MORNING APPEAL

SUNDAY FEBRUARY 9, 1879

THE MINSTRELS.

To-morrow night the Barlow, Wilson, West and Primrose Minstrel Troupe will occupy the Carson Opera House. We have every assurance that this company is first class in all respects. Says the Rochester (N. Y.) Democrat: "As we had anticipated, every seat in the opera house was occupied last evening and a most cordial welcome was extended to the minstrel company which established itself as a favorite in Rochester a few months ago. Since then the improvement in many respects has been very marked, and we believe that it stands to-day in the very front rank of minstrelsy, and that its superior never played in this city. The four men who give the company its name are known all over the country, and Barlow, Wilson, Primrose and West, means the best end men and the best dancers that the profession affords." The Dayton (Ohio) Journal describes the manner of their entertainments as follows: "The first part contained many new and original features, especially in the manner in which the entire was made. The interlocutor being master of a house, the two end men being his servants; he has invited some musicians and singers to meet him, and some very funny 'business' is done in getting the company seated. The quartette is very fine; Barlow and Wilson on the ends are immense, especially in the latter's stump speech; Primrose and West in their songs and dances met with encore after encore. Their waltz clog was one of the neatest things in that line we have ever seen."

A MAN KILLED BY A QUART OF WHISKY.

The following is the *Chronicle's* version of a story which has got into the current of the press: "On Sunday morning last a man named Michael Hall came into George Sloan's saloon in Sutor, and asserted that he could drink a quart of whisky in five minutes. Hall was somewhat intoxicated at the time, but was so anxious to bet that some one finally put up \$10 that he could not accomplish the feat. Accordingly a quart measure was filled up with Sutor whisky, the quality and strength of which is too well known throughout the State to make any further explanation necessary. Hall lifted the measure to his lips and drained it to the dregs, without moving it from his lips, in two minutes and a half. He then pocketed the \$10. Before a minute had passed he fell to the floor apparently dead, and in that condition was at once removed to his lodging-house on Helena avenue. Dr. Brierly was summoned, and emetics were given, but without producing the desired result. A stomach pump was then applied to the man, and more than a pint of the liquid was taken from him. For forty-eight hours he was unconscious of what was going on about him. Inflammation of the stomach set in, and his sufferings became intense. The ulcerations from the inflammation finally, it is believed, perforated his stomach, and on Thursday night about 11 o'clock he died. Hall was a robust, hard-working young man, only twenty-five years of age. He was a native of Ireland and unmarried."

ITEMS.

Bob Lowery is said to contemplate a descent upon the town and the Legislature with intent to perpetrate the dreadfulness of a Third House upon us all. Bob is eminently capable of such mischief.

The wind hauled to the son's west yesterday and the air seems big with a coming storm. Let it come "in thunder, lightning and in rain."

Mr. Plant, of the Virginia City Stage, favored the *Appeal* office with the light of his face yesterday.

Hon. Crit. Thornton's coming to Carson ought to have been the subject of an earlier mention in these columns, for he has been here some days. Also Mr. M. D. Foley, of Eureka. Crit. seems his old self and meets many warm friends.

The Catholic Fair has been a great success, so we are glad to be informed. The lunch-eating Solon has given it the benefit of his appetite, the open handed of all classes and creeds have bestowed their liberality upon it, and the ladies under whose auspices it has been conducted have all been very happy, very attentive and very busy.

PAY YOUR LICENSE!—The attention of all persons who pay licenses is directed to an advertisement in another column, wherein Sheriff Hill makes it known that he will be on hand in his office to issue such licenses as are or may be due during the coming month. This is an act of accommodation on the part of the Sheriff which should be duly appreciated by all whom it may concern.

ALWAYS AHEAD.

Instead of waiting for the turn of the season before getting new goods, we take pleasure in informing our patrons that we have just received a Complete New Stock of Dress Goods and exquisite Fancy Goods which we offer at such remarkably low prices that they would induce the most stingy fainter and husband to dive down for his bottom dollar.

We have received a consignment of One Hundred Cloaks with positive instructions to close them out at any price, and we will do it.

NEVADA LEGISLATURE—NINTH SESSION.

Assembly—Thirty-Fourth Day.

CARSON CITY, February 8, 1879.

Convened at 11 A. M. Speaker Gaston in the chair.

There being no chaplain present, Plummer offered a resolution requesting Hager of Lander, who is the chairman pro tem. of the Committee on Public Morals, to offer the customary prayer for the good and sensible action of the House during the day. Adopted.

Hager acknowledged the compliment paid him by his friend Plummer and ratified by the House, but declined to officiate because praying was not his strong suit.

Leave of absence was granted to Ferguson, Kennedy and Smith, of Storey, for one day.

The Speaker called attention to the fact that on yesterday a visitor had participated in the proceedings of the House by calling with others for the yeas and noes. A recurrence of such an act would result in the Sergeant-at-Arms arresting the party for contempt.

Smith of Lyon, on a question of privilege, stated that he had voted in the negative yesterday on the final passage of Hanna's Assembly bill, to prohibit the employment of Chinese and Mongolians on public works in this State, under a misapprehension. He now understood it and asked to have it recorded that he desired to change his vote. Leave was granted and it was so entered on the journal.

REPORTS OF COMMITTEES.

By Allen, from Committee on Judiciary, favorably King's Senate bill 9, to amend the Jury Act; also adversely Senate bill 29, to amend the Act to provide for obtaining statistics from counties; also favorably Senate bill 51, concerning District Judges; also favorably Cassidy's Senate bill 43, to prevent the adulteration of milk, with amendments; also Assembly bill 34, to create the office of official reporter of courts, without recommendation.

By Fisk, from Committee on Public Printing, favorably Harlow's Assembly bill, to create the office of State Superintendent of Public Printing, etc.

By Lyons of Storey, as correctly enrolled and delivered to the Governor two bills for his approval, and to the Secretary of State joint resolution relative to the printing of the report of the Commissioners for care of the insane.

MESSAGE FROM THE GOVERNOR.

Announcing his approval of Mayhugh's Assembly bill 5, amending the act regulating the settlement of estates of deceased persons; also of Lyon's (of Storey) Assembly bill 50, amending section 341, title 9 of the Act concerning appeals in civil actions, and chapter one of appeals in general.

On motion the House went into Committee of the Whole with Speaker pro tem. Allen in the chair and considered the following bills: Creswell's Senate bill 11—To create a State Board of Equalization. Reported back without recommendation.

Mayhugh's Assembly bill 72—Making appropriation of \$167 75 to pay expenses of funeral of late Hon. R. S. Wash. After amendment increasing the amount \$60, its passage was recommended.

Underwood's Assembly bill 84—Providing for the appointment of a physician by the State to visit insane patients in California each month and order their discharge when cured.

Powell opposed the bill.

Underwood said that there were lobbyists employed by Drs. Langdon & Clark to defeat the passage of the bill proposing to build an asylum in this State.

Davies opposed the bill on the ground that it was a useless expense of \$2,400 a year, and insulting to the present custodians of the State's insane.

The committee recommended that the bill do not pass.

Assembly bill 86—Relative to the Truckee River, and appropriating money from the State and Washoe County for the prosecution of parties diverting the water of that river.

Foulks moved the recommitment of the bill to the Committee on Ways and Means and the Washoe delegation jointly. So ordered.

Senate bill 42—To pay claim of Z. S. Eldridge, amounting to \$315, for making report of State Prison Warden for 1873 and 1874. Recommended that it do not pass.

Committee rose and reported as instructed. At 1:15 P. M. adjourned till Monday.

THE HYERS' SISTERS.

We are greatly pleased to announce that the renowned Hyers' Sisters are to come to Carson. Their agent called at the office of the *MORNING APPEAL* yesterday and left the information that these highly talented (colored) performers would appear at our Opera House on the nights of Tuesday and Wednesday, February 25 and 26. The play performed by these artists, "Out of Bondage," while it is not an opera, is, as we understand it, a sort of musical drama or descriptive piece by whose movements, incidents and outcome is illustrated the life of two slave girls, who finally emerge from the condition of bondage and ignorance to the better life of liberty and culture. The company by whom these gifted actors are supported is said to be an excellent one; and all hands come very highly recommended by the press.

A WOMAN DRUGGED AND ROBBED.

Last evening's *Chronicle* has the following: "A letter has just been received at this office from Bushnell, Illinois, stating that about the 8th of last December a woman was put off the train at Bushnell, supposed to be insane. A physician who examined her pronounced her under the influence of drugs. Her pocket-book contained \$52 and a ticket to New York in one compartment, but the other compartments of the pocket-book had been cut and rifled. When she came to her senses she gave her name as Catherine Hussey, and said that she came from Virginia City, and was on her way to visit her mother in Ireland. She had a sister-in-law in Virginia City. She said she met an English woman in Burlington, Iowa, who gave her a glass of liquor. She recollected little after this. When she drank the liquor she had \$500 in her pocket-book in gold notes and greenbacks. She was cared for at Bushnell by the authorities, and died on the 29th of January. Any of her relatives in this city can hear more of the case by writing to Thomas L. Morgan, Bushnell, Illinois."

COMSTOCKINGS.

Will the *Chronicle* never learn to be respectful? In its issue of last evening we find the following:

"First Assemblyman—They say them British Blondes is giving a piece in Virginia called *Atlanta*, and it's mighty nasty."

Second Assemblyman—"Tis, eh?"

First Assemblyman—"The papers say it's too filthy for any decent man to see."

Second Assemblyman—"Let's go up and take it in!"

First Assemblyman—"It's a whack!"

The same paper says: "To-night the troupe wind up their engagement in a grand blaze of nastiness, on which occasion 'The Female Bathers' and 'Beauty at the Bat' will be presented with a full cast. The bathing scene is said to display more solid anatomy for a dollar than anything ever exhibited on the Comstock. This will insure a full house." "A grand blaze of nastiness" is good.

EPISCOPAL.—Bishop Whitaker will preach in the Episcopal Church to-day at the usual hours. Public are invited.

ANOTHER WONDERFUL CURE

EFFECTED BY

CALIFORNIA ELASTIC TRUSS!

CALIFORNIA ELASTIC TRUSS

COMPANY.—W. J. HORNE, Proprietor.

—Dear Sir, I feel that I owe it to you and to humanity to write the fact that I have been SUBSTANTIALLY CURED of a bad case of Rupture of thirty years standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physical and mental, that I have undergone during that period, and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on, and feel that I am perfectly CURED. It is invaluable, and the fact should be known to the world. You can refer any one to me on the subject of their merits. I am, truly yours, ALFRED J. BURKE, Chief Mail Clerk S. F. Daily Evening Post, San Francisco, July 30, 1878.

A Physician's 45 Years' Experience.

COLUMBIA, Toulumne Co., July 16, 1878.

W. J. HORNE, Esq.—Dear Sir: For some time past have been afflicted with a bad case of Rupture, and with entire satisfaction in most cases of complicated hernia of both sexes. During a practice of forty five years I have found no truss that would, with the same ease and certainty, retain the required adjustment, the pressure being always under the immediate control of the patient. The simplicity and ease of application is of itself a guarantee to every experienced physician. I have the honor to remit by mail the amount due, knowing that I contribute to the alleviation of afflicted humanity. Yours, truly,

J. P. THIBERT, M. D.
